

# Porcelain Dispenser

## Features

### High Quality

A safe & convenient water dispensing solution for the home, office, salon, or anywhere you can think of. Feel confident that your favorite beverages are being stored safely, in non-leaching dispensers. New Wave Enviro's high quality porcelain is designed for long lasting products.

### Any Liquid

Dispense more than just water- kombucha, lemonade, coffee, you name it! We've even heard of shampoo pouring in salons!

### Dishwasher Safe

Feel confident that your water is being stored safely & clean. The ceramic crock is completely dishwasher safe.

### Large Capacity

2.5 Gallon Capacity, and pairs with BPA-Free Tritan by New Wave Bottles up to 5 gallons in size

### Easy Setup

Out-of-the-box assembly takes just a minute, and requires no electricity, plumbing, or extra hardware!
